

CALL FOR APPLICATION

For students and teachers of Budapest Business University

FREE INDONESIAN LANGUAGE COURSE IN THE SPRING SEMESTER OF 2023/24

The Oriental Business and Innovation Center (OBIC) is publishing its call for application for extracurricular Indonesian language course, free of charge.

OBIC was established by Budapest Business University and Magyar Nemzeti Bank (the Central Bank of Hungary) in 2016. Its main objective is to contribute to the education of experts who can speak East Asian languages and are familiar with the cultures and economies of East Asian countries. Within this framework, OBIC offers the possibility for the students of Budapest Business School to take part in Oriental language courses free of charge.

This spring will bring a truly unique opportunity to us because the course will be held in cooperation and with the aid of the Embassy of the Republic of Indonesia in Budapest, where students will be taught by diplomats serving at the embassy. As a result, this course is not a simple language course, but an extraordinary chance to get to know the Indonesian culture, customs and people in great detail. Once a month, the class will be held in the embassy building. After completing the course, all successful students will receive a certificate signed by the Ambassador. Besides, the course could be recognized as an elective course, bearing three credits.
